This is an open and informal group and a great way to connect with folks from other churches in the group.

Come and Celebrate !

We certainly did come to celebrate ! It was a fun time at St John's enjoyed by all ages making crowns, singing, praying and finally singing the national anthem together and raising a glass to the King.

Thank you to all those who came along and created special memories.

Good news, the cemetery wall at Foxton has been repaired after the damage left by Storm Arwen.

NATHANAEL AARON HAYLER

ST MICHAEL AND ALL ANGELS, HOWICK

No one is indispensable”

Filling the hole left by John Galbraith needs volunteers. John taught me how to work the heating controls on the boiler and we, more or less, understood how to work the sound system.

I am very keen to show two or three people the boiler heating controls which are easy. A few people who know how to work the newly upgraded sound system will also be important. For routine services, this is semi-automatic and using Bluetooth to take music from a phone is also very easy.

I hope one or two people will also master the slightly more complicated use of a USB stick to play music or record services and set up the outside speakers. Even this will be intuitive for anyone who uses an iPad.

Please let Catherine know if you can help and we will organise training.

Thank you.

Simon Walford

The church is happy once again to support our village community for the Arts Festival

2023

Artists, including Nathanael, will exhibit in the Church and there will be music and workshops in the marquee

and on Church Green.

Please come along !

Prayer group every Wednesday at 12 noon in Church

Risen Christ,
You have raised our human nature to the throne of
heaven,
help us to seek and serve you,
that we may join you at the Father's side,
where you reign with the Spirit in glory,
now and for ever

Amen
